

AWT Technical Training Video Podcasts Continuing Education Credits For Certified Water Technologists

Each individual webinar qualifies the webinar student/attendee for 0.333 Continuing Education Units (CEUs) toward the Certified Water Technologist (CWT) recertification. The entire series of 15 webinars qualify the student for 5 CEUs toward CWT recertification. Please indicate, by marking the appropriate check box, which online session you are claiming credit(s) for and send a copy to AWT Headquarters. Also include a copy of this form with your recertification application.
