

AWT Webinar Part 2: Boiler Water Issues and Safety

Join us for a webinar with Lynne Rush, The Hartford Steam Boiler Inspection and Insurance Company and Mike Highum, McGowan Insurance Group, that will review the role of water treatment to control scale formation on internal water surfaces and neutralize oxygen and reduce corrosion. The webinar will discuss the effects of scale on boiler operations, as well as the long-term effects of scale accumulation. Finally, this session will review personnel safety around boilers, including inspection hazards, PPE and facility requirements.
