

AWT Young Professionals Webinar: Metering Pumps – The Do's and Don'ts of Chemical Injection

Have you ever done a startup and come back a week later to an empty chemical tank? Do you keep losing prime on a particular chemical metering pump and cannot seem to get it to run properly? Join us for a webinar with Laith Charles, Pulsafeeder, Inc., to review some typical installation oversights and provide tips to keep your equipment operating at peak performance. Learn costly mistakes without the financial burden! This webinar will explain the fundamentals of chemical metering equipment and how to select the right pump for an application.
