ABOUT

Association of Water Technologies

The Association of Water Technologies (AWT) is an international organization representing over 500 companies that specialize in applying water treatments for industrial and commercial cooling and heating systems. We equip water treaters with the tools and skills they need to deliver the highest quality service to clients—helping them to extend equipment life, maximize energy efficiency, and reduce downtime.

The Association of Water Technologies (AWT) will be the voice of the global water treatment industry.

Our vision conveys a concrete yet unrealized goal for AWT and serves as a clear and compelling catalyst for our efforts. AWT aspires to be a significant force in the water treatment industry. We remember our essence, which is to work together for the good of the membership and industry. And we also realize that serving as the voice for the entire global water treatment industry brings greater leverage to all our members and affords them further success.

the ANALYST

THE VOICE OF THE WATER TREATMENT INDUSTRY

The Analyst is the official publication of the Association of Water Technologies (AWT).

- » *The Analyst* presents new technologies in the areas of cooling, boiler, and wastewater treatment.
- » Each quarterly issue of *the Analyst* magazine highlights current developments in industrial water treatment, while emphasizing practical applications of available technologies.
- » With a circulation of approximately 4,200, water technologists and subscribers from related businesses can track trends, and stay abreast of regulatory activities, marketing concepts, and business practices impacting our industry.
- » If your company supplies products or services to water treatment companies, *the Analyst* speaks to the audience you are trying to reach.

In addition to the quarterly issues of *The Analyst*:

» AWT Membership Directory

- This is the go-to resource for all AWT members. Members carry it into the field for quick access to connect with AWT members and suppliers. Multiple ad sizes available.
- Mailed each February.

» AWT Buyer's Guide

- This is a comprehensive list for specialized cutting-edge technology and services used in industrial water treatment. Designed as an easy-to-use reference categorized by chemicals, equipment, and services, the Guide catalogues vendors who can provide everything you need to successfully compete in the water treatment arena.
- Mailed in August with the Summer issue of *the Analyst* and receives bonus circulation at the annual AWT Convention and Expo.

» AWT Supplements

- Maximize your exposure with readers by appearing in AWT's Business Supplement and Technology Supplement.
- » **Digital editions of publications provide a direct, online link from your print ad to your company website.**
