AWT Benchmarking Survey

Order Form

The 2013 Association of Water Technologies (AWT) Benchmarking Survey presents a detailed analysis of key operating data from the water technology industry. Based on confidential surveys completed by 89 water treatment companies in early 2013, the Benchmarking Report includes a compilation and analysis of company sales, operations data, compensation and benefits information. The Survey results are free to participants. Online access to the survey results for non-participating AWT members and non-members is priced at:
Fee:

* $500 Member
* $1,000 Non-Member

Upon submission of this form, you will be sent the login and password to the Survey portal.
